# Instruction Manual

## **Congratulations** on the purchase of your Aroma Generator!

Our Aroma Generator is used with Aroma oils, a wide variety of which are available for purchase. It produces powerful scents suitable for story telling or theming.

It has a powerful, silent fan to circulate the scent and will cover an area of 350m<sup>3</sup>.

The Aroma Generator has a locking front door. This prevents people touching the unit when it is hot and also avoids any spillages.

The unit is also wall mountable if required.

**For optimal results, please read and follow instructions carefully.**

**Please ensure the unit is switched off and cool before changing the aroma oil.**

Heed all warnings on the product and within this manual. If upon receipt of this product, the user suspects that the product is defective, and/or requires service or repair due to malfunction or damage to the product, please contact the manufacturer immediately. Please be aware that improper installation and/or use or misuse of this product may result in injury, death, or adverse reactions to its user. This product is intended to be installed and/or use by a trained professional. Failure to comply with these precautions or with specific warnings elsewhere in this manual violates safety standards of design, manufacture, and intended uses of the product.

## **Features**

- Inbuilt timer ensures the desired level of aroma is maintained throughout a session
- Power but silent fan can circulate an aroma in an area up to 350m<sup>3</sup>
- Locking front door for safety
- Easy to use
- 1 Year Manufacturers Guarantee (Return to base)

# Instruction Manual

## Getting Started

1. Ensure the unit is switched off and cool.
2. Unlock the front door and remove the oil crucible from the round heater
3. Careful pour your chosen aroma oil (sold separately) into the crucible. It is recommended to have about 10mm of oil at the start of a session.
4. Replace the crucible into the heater
5. When the unit leaves the factory, the timer is turn to always ON.
6. Close and lock the door.
7. Connect the Aroma Generator to a suitable mains outlet and turn on.
8. The area around the Aroma Generator will now fill the scent.
9. It takes approx. 15 minutes for the unit to reach optimum working temperature.

## Changing the Aroma Oils

*Please ensure the unit is switched off and completely cool*

1. Unlock the front door
2. Remove aroma oil crucible from the heater
3. Any surplus oil can be carefully poured back into the oil bottle
4. Wash the crucible in warm soapy water and dry thoroughly
5. Pour the new aroma oil into the crucible (about 10mm)
6. Replace the crucible into the heater
7. Close and lock the door

## Cleaning and Maintenance

The unit should be cleaned with a damp soft cloth. A non abrasive cleaning agent may be used for stubborn stains. Ensure no liquid enters the unit.

The unit has been designed for use by people with special needs however this does NOT mean it is unbreakable.

## Troubleshooting

Q. No aroma is being emitted from the Aroma Generator.

A1. Is the unit switched on? If so, see A2

A2. Is there aroma oil in the crucible? If so, see A3

A3. Is the timer set correctly? If so, see A4

A4. Is the fan running? If so, see A5

A5. Is the red light illuminated under the heater? If so, see A6

A6. Please contact us.
